

CS 490/491L Progress Template.

Instructions: *Each team member should enter their activities performed for the capstone project in the last two weeks, as well as their expected activities for the next two weeks, along with anything holding them up on completing their activities. These should be discussed by the team and their advisor(s) during the weekly/biweekly meetings, and the advisor(s) should sign and date the sheet indicating a correct assessment of the team's progress. Students need to upload a signed and scanned version to Canvas.. Progress reports uploaded to Canvas without a signature and score for progress will receive a 0 for progress.*

200 words minimum per team member required for credit across the three questions.

Team/Project Name: **Keyboard Buddies / Earworm**

Team Member #1: **Alvaro Lopez-Romero**

What I did since last progress report:

Researched the different libraries that we can utilize for our machine learning model.

Anything holding me up on my last progress report's expected activities:

Time and complexity of machine learning.

What I plan to do before the next progress report:

Assist with the SDD and begin coding methods of our machine learning model.

Team Member #2: **Mitchell Mercer**

What I did since last progress report:

Completed a UML diagram for the overall backend of the project. Conducted research into Machine Learning Implementation as well as Instant Messaging conducted through Object Oriented Programming. Began programming on the project.

Anything holding me up on my last progress report's expected activities:

Machine learning is hard. Lack of overall experience in the field.

What I plan to do before the next progress report:

Have significant progress underway in code as to be prepared for code review.

Team Member #3: Charles Quebral

What I did since last progress report:

Set up an AWS account / MySQL database with AWS.

Anything holding me up on my last progress report's expected activities:

N/A

What I plan to do before the next progress report:

Continue working on backend coding to have sufficient work for Peer Review.

Team Member #4: Nathalie Claire Tivar

What I did since last progress report:

Looked into layouts, designs and color templates for the project. Worked with the team on setting up an AWS account.

Anything holding me up on my last progress report's expected activities:

N/A

What I plan to do before the next progress report:

I will be working on the SDD of the project. I will also start coding and prepare for the Peer Review.

Team Member #5: Rodolfo Rivera

What I did since last progress report: Have looked into backend connection to servers and overall gained a better understanding of backend with java. Started coding on the project.

Anything holding me up on my last progress report's expected activities:
N/A

What I plan to do before the next progress report:
We plan on having a good amount of code done, atleast the basics of the application.

Date: _____

Team Progress (0 -- 3): _____

- 0 -- no progress has been made by the team*
- 1 -- insufficient progress has been made for the team to complete their capstone*
- 2 -- sufficient progress has been made for the team to complete their capstone*
- 3 -- excellent progress has been made by the team*

Report Quality (0 -- 3): _____

- 0 -- missing or empty report*
- 1 -- report briefly written with incomplete sentences, lacking descriptions of work*
- 2 -- well written report with sufficient description of work performed since last progress report*
- 3 -- excellently written report with detailed description of each team members progress*
