

CS 490/491L Progress Template.

Instructions: Each team member should enter their activities performed for the capstone project in the last two weeks, as well as their expected activities for the next two weeks, along with anything holding them up on completing their activities. These should be discussed by the team and their advisor(s) during the weekly/biweekly meetings, and the advisor(s) should sign and date the sheet indicating a correct assessment of the team's progress. Students need to upload a signed and scanned version to Canvas.. Progress reports uploaded to Canvas without a signature and score for progress will receive a 0 for progress.

Team/Project Name: **Keyboard Buddies / Earworm**

Team Member #1: **Alvaro Lopez-Romero**

What I did since last progress report:

Did some research about implementing Machine Learning from Python libraries.
Reviewed more information about the Spotify API.

Anything holding me up on my last progress report's expected activities:

Overall just timing since it's the beginning of the semester and working out our team's availability.

What I plan to do before the next progress report:

Review my Spotify API code and make some successful GET requests.

Team Member #2: **Mitchell Mercer**

What I did since last progress report:

Assisted with git management to assist Rodolfo with bug fixing and getting backend up and running.

Anything holding me up on my last progress report's expected activities:

N/A

What I plan to do before the next progress report:

Machine learning backend implementation for match making and song sentiment analysis

Team Member #3: Charles Quebral

What I did since last progress report:

Researched articles regarding human-computer interaction and examples of good vs bad UI design.

Anything holding me up on my last progress report's expected activities:

N/A

What I plan to do before the next progress report:

Regroup with the front end group and discuss how to better format the UI to give users a better experience.

Team Member #4: Nathalie Claire Tivar

What I did since last progress report:

I removed all unnecessary code and researched how log in/ sign up works. Also studied how lists work in Angular.

Anything holding me up on my last progress report's expected activities::

N/A

What I plan to do before the next progress report:

Fix the log-in and sign up using the dummy data.

Team Member #5: Rodolfo Rivera

What I did since my last progress report:

Switched backend from spring boot to firebase.

Anything holding me up on my last progress report's expected activities:
N/A

What I plan to do before the next progress report:

I plan on connecting front end to back end, as well as working on ui.

Date: _____
