

CS 490/491L Progress Template.

Instructions: Each team member should enter their activities performed for the capstone project in the last two weeks, as well as their expected activities for the next two weeks, along with anything holding them up on completing their activities. These should be discussed by the team and their advisor(s) during the weekly/biweekly meetings, and the advisor(s) should sign and date the sheet indicating a correct assessment of the team's progress. Students need to upload a signed and scanned version to Canvas.. Progress reports uploaded to Canvas without a signature and score for progress will receive a 0 for progress.

Team/Project Name: **Keyboard Buddies / Earworm**

Team Member #1: **Alvaro Lopez-Romero**

What I did since last progress report:

Began structuring our software test plan report according to our software requirements to ensure we cover and test everything.

Anything holding me up on my last progress report's expected activities:

Other class projects are finishing up, as well. Time management in the last month of this semester.

What I plan to do before the next progress report:

Finish the software test plan/report and begin executing. Help Mithcell with the Spotify Javascript integration.

Team Member #2: **Mitchell Mercer**

What I did since last progress report:

Rewrote spotify integration in Javascript to accommodate other components of the project, Began rewriting ML components in Javascript/tensorflow. Worked with Natalie to fix file structure to have it built properly.

Anything holding me up on my last progress report's expected activities:

New to javascript. Learning as I go.

What I plan to do before the next progress report:

Finish this damn thing.

Team Member #3: Charles Quebral

What I did since last progress report:

Added finishing touches to a basic instant messaging page structure.

Anything holding me up on my last progress report's expected activities:

Storing and loading messages from previous conversations (i.e. loading them from the backend).

What I plan to do before the next progress report:

Find out how to load messages, upload instant messaging pages.

Team Member #4: Nathalie Claire Tivar

What I did since last progress report:

Finished on modifying original code to ReactJS. Fixed the login/signup. Fixed how the 'possible matches' list is shown to the user. Worked with the team to make the code run locally. Still working on matching the users .

Anything holding me up on my last progress report's expected activities:

Not really familiar with how the backend works but we are getting there.

What I plan to do before the next progress report:

Finishing touches on the front-end. Show the top three songs of the user. Connect login/sign up to the back end. Finish the application.

Team Member #5: Rodolfo Rivera

What I did since my last progress report:

Helped clean up the code base, figure out how to deploy react apps to firebase, started helping frontend.

Anything holding me up on my last progress report's expected activities:

N/A

What I plan to do before the next progress report:

I plan on helping refine front end pages and functionality.

Date: _____
