CS 490/491L Progress Template.

Instructions: *Each team member should enter their activities performed for the capstone project in the last two weeks, as well as their expected activities for the next two weeks, along with anything holding them up on completing their activities. These should be discussed by the team and their advisor(s) during the weekly/biweekly meetings, and the advisor(s) should sign and date the sheet indicating a correct assessment of the team's progress. Students need to upload a signed and scanned version to Canvas.. Progress reports uploaded to Canvas without a signature and score for progress will receive a 0 for progress.*

200 words minimum per team member required for credit across the three questions.

Team/Project Name: Keyboard Buddies / Earworm

Team Member #1:   Alvaro Lopez-Romero

What I did since last progress report:
Collaborated with the team to complete and modify our SDD document. Imported and integrated the Spotify API module into our GitHub repository. Modified a few class imports on numerous classes to work with our data model. Also pushed a few fixes to the User.java class for our Peer Review Artifact #1.

Anything holding me up on my last progress report's expected activities:
Nothing holding me up. Now we need to continue to code and commit to our repository to ensure the integration piece works with all modules.

What I plan to do before the next progress report:
Continue to implement the Spotify API module and make a successful API call with an actual Spotify user to retrieve real data from the API.

Team Member #2:   Mitchell Mercer

What I did since last progress report:

Collaborated with the team to complete and modify our SDD document. Setup a Google Cloud instance running a full lamp stack and linking a MySQL database. Additionally added all group members with IAM permissions. Additionally I began work implementing JDBC and Hikari GCloud connector dependencies and wrote a GCloudConnctor.java class. This class is currently non operational but close to being so.

Anything holding me up on my last progress report's expected activities:

Time.

What I plan to do before the next progress report:

Finish GCloud connector. Begin populating the database with dummy entries for testing.

Team Member #3:   Charles Quebral

What I did since last progress report:
Collaborated with the team to modify our SDD document. Worked onPost.java and made modifications to LoadDatabase.java. 4 commits were pushed to our repo.

Anything holding me up on my last progress report's expected activities:
N/A

What I plan to do before the next progress report:
Continue polishing LoadDatabase.java and test it with Gcloud.

Team Member #4:   **Nathalie Claire Tivar**

What I did since last progress report:
Worked on the Software Design Document with the team. Created some wireframes for the SDD. Wrote a code that displays a list using AngularJS and then pushed it to the GitHub repository. Did the Peer Review Artifact #1. Watched tutorials on AngularJS.

Anything holding me up on my last progress report's expected activities:
I am not that efficient with AngularJS yet.

What I plan to do before the next progress report:
Build a landing page for the project. Continue learning about AngularJS. Revise our Software Design Document.

Team Member #5:   **Rodolfo Rivera**

What I did since my last progress report:
Started programming some backend for our project. Worked and collaborated with my team to complete the Software Design Document and also worked on peer review artifact #1.

Anything holding me up on my last progress report's expected activities:
N/A

What I plan to do before the next progress report:
I plan on writing some more code and getting more familiar with spring boot.Revise our Software Design Document.

Date: _____

Team Progress (0 -- 3): _____

0 -- no progress has been made by the team
1 -- insufficient progress has been made for the team to complete their capstone
2 -- sufficient progress has been made for the team to complete their capstone
3 -- excellent progress has been made by the team

Report Quality (0 -- 3): _____

0 -- missing or empty report
1 -- report briefly written with incomplete sentences, lacking descriptions of work
2 -- well written report with sufficient description of work performed since last progress report
3 -- excellently written report with detailed description of each team members progress
